

Sample Policy

Brandenberry Furniture has a wide variety of samples (wood stain, fabrics, leathers, etc) available for its furniture products. The samples included on our website are just a small portion of what you have available to create the furniture of your dreams for your home. Additional samples are available in our furniture store.

Please note that due to several factors beyond our control, the samples as you see them on our website may be different than the actual finished product. Factors such as the wood grain and settings on your computer may significantly impact the color of the samples displayed.

Should you require an actual sample we would be happy to mail you up to three different samples. A minimum, non-refundable \$25 fee is required with each sample (higher fees may apply for certain samples). If you place an order and return the sample(s) to us in good condition within 20 days the fees will be credited toward your order balance. Please [Contact us](#) if you would like to have a sample mailed to your home.
